We are a hospital-based practice with a unique business model designed to benefit hospitals, patients and physicians. Specialty Call is our only focus. Plus, all our practice revenues stay in the hospital to reduce the cost of our services.

Our Core Services:

We Provide Proven Results

When you partner with Surgical Colleagues, you enjoy:

- ◆ Consistent care by a dedicated team of surgeons.
- ◆ Responsive on-call surgeons... Our answer is always "We'll be right there."
- ◆ A practice vs a staffing model, which includes 24/7 coverage, strong on site, physician leadership, a follow up clinic and proven infrastructure.
- ◆ Best practices to reduce unnecessary utilization and variability of care.
- ◆ Improved collaboration with hospital staff to improve outcomes.
